PANACRYL SUTURES MANUFACTURED BY ETHICON, INC. JOHNSON & JOHNSON AND JOHNSON & JOHNSON HEALTHCARE SYSTEMS

On March 28, 2006 a general recall of all PANACRYL SUTURES was issued by Ethicon, Inc., Johnson & Johnson and Johnson Healthcare Systems for the following stated reason:

"The unique absorption profile of Pancryl in the suture could act as a foreign body so that surgeons should consider its use in specific situations."

If you have suffered from post-operative infection and/or wound dehiscence as a result of the use of PANACRYL SUTURES during surgery for abdominal wound closure you may have certain legal rights which should be protected.
